1           **“A Resolution to Request More Timely and Consistent Use of E-College by**  
2                           **Professors, Especially to Report Grades”**

3   Whereas: The Improve TCU Survey conducted by the TCU House of Student  
4           Representatives Student Experience Committee asked students about the use of  
5           E-College by professors, and

6   Whereas: The results of the survey showed that approximately 28 percent of the 1,401  
7           students surveyed responded that their professors do not use E-College enough,  
8           and

9   Whereas: The results of the survey showed that at least 20 percent of students surveyed  
10          from each academic college responded that their professors do not use E-  
11          College enough, and

12   Whereas: Most notably, approximately 38 percent of students surveyed from the AddRan  
13          College of Liberal Arts responded that their professors do not use E-College  
14          enough, and

15   Whereas: The statistics cited above demonstrate that the sample of the TCU student body  
16          represented by the survey expressed a clear desire for more E-College use by  
17          professors, and

18   Whereas: The timely and consistent use of E-College, especially the grade reporting  
19          feature, would allow students to know their current grade in each class;  
20          therefore

21   Let it be resolved by the House of Student Representatives at Texas Christian University:

22           (1)   We encourage timely and consistent use of E-College by professors  
23                  campus wide, especially to report grades.

24   cc: Provost Nowell Donovan, Dr. Ted Legatski (Faculty Senate), Dean Andrew  
25   Schoolmaster (AddRan College of Liberal Arts), Dean Paulette Burns (Harris College),  
26   Dean Homer Erekson (Neeley School), Dean Phil Hartman (College of Science and  
27   Engineering), Dean Bonnie Melhart (University Programs), Dean Mary Martin Patton
